INTERGOVERNMENTAL PANEL ON CLIMATE CHANGE

UNEP

No: 7780-06/IPCC/AR4

Attachment: 1 CD-Rom

To designated IPCC Focal Points and
Ministries of Foreign Affairs
(if no focal point has been designated)

COPY

(Original letter and CD-Rom have been sent to the IPCC Focal Point of your country)

Geneva, 27 October 2006

Sir/Madam,

I have the honour of forwarding to your Government the final draft of "Climate Change 2007: The Physical Science Basis", which is the contribution of Working Group I of the IPCC to the IPCC Fourth Assessment Report (AR4). This is now the final distribution to Governments prior to the formal approval process as noted below.

It may be recalled that the IPCC, which has been established jointly by the World Meteorological Organization (WMO) and the United Nations Environment Programme (UNEP), agreed that its Fourth Assessment Report would be completed in 2007 and consist of three working group contributions and a Synthesis Report. The contribution of Working Group I to the AR4 will be considered at the 10th Session of Working Group I of the IPCC, which will be held in Paris, France, from 29 January to 1 February 2007.

Two previous drafts of this Report have been subject to scientific and technical reviews by experts and Governments, as called for in the IPCC Procedures for the Preparation, Review, Acceptance, Adoption, Approval and Publication of the IPCC Reports (hereinafter referred to as the IPCC Procedures; see the website www.ipcc.ch for a copy). The drafts have been revised after each of these two reviews, taking into account the comments received, and this process has produced the enclosed final draft.

In accordance with IPCC procedures, the final draft Summary for Policymakers (SPM) will be submitted for line-by-line approval by Working Group I of the IPCC at its 10th Session and the full final draft Report will be submitted for acceptance by the Working Group at that time. The IPCC Procedures stipulate that approval of the draft SPM by the Working Group signifies that the SPM is consistent with the factual material contained in the underlying full Report. Coordinating Lead Authors and other selected Lead Authors will be present at the Session to assist in ensuring consistency with the underlying assessment. The approved SPM and the accepted underlying full Report will be submitted to the IPCC at its Twenty-sixth Session (Bangkok, 4 May 2007) for acceptance.

In order to facilitate the approval of the Summary for Policymakers of the Report and ensure an efficient conduct of the Working Group Session, your Government is encouraged to submit comments on the final draft SPM, including any changes that you intend to propose at the Session, by **December 8th, 2006** in order that these may be compiled and made available to delegates for consideration during the Session.

Access to the draft report:

The Final Draft Report, associated material and detailed instructions for submitting your comments can be found on the enclosed CD-Rom and accessed via the following closed web site:

[Part of the text removed here]

IPCC Secretariat, c/o WMO, 7bis, Avenue de la Paix, C.P. N° 2300, 1211 Geneva 2, SWITZERLAND

Phone: +41 22 730 8208/8254/8284 Fax: +41 22 730 8025/8013

E-mail: IPCC-Sec@wmo.int Website: <http://www.ipcc.ch>

From this website you can download the separate chapters, Technical Summary and SPM of the Report in portable document format (pdf). In addition, the above web site provides access to supplementary material where appropriate.

All of this material is also available on the enclosed CD-Rom which has been set up to allow access in as similar a manner as possible to that of the web site. To do this, please start by opening the file named "Start Here.html" using a standard web browser. If you require that the draft Report be sent to you as a hardcopy document, please contact the Working Group I Technical Support Unit as soon as possible, providing a full courier address. You can send such requests by email to: ipcc-wg1@al.noaa.gov.

It should be emphasized that the Report and its SPM are still drafts, and as yet not accepted or approved. They must not be cited or quoted and you are further requested not to distribute the documents or the passwords for the closed website except for the purpose of your Government's consideration of the final drafts.

Submission of comments

Please note that, in accordance with IPCC Procedures, only the SPM is open to further comments at this stage.

Please prepare your comments using the Microsoft Excel spreadsheet that can be downloaded from the web site given above and which is also on the attached CD-Rom. Given the large number of comments that may be received and the limited time available to collate these in a form that can be used in the WG I Session, I must ask that you use this format as far as possible.

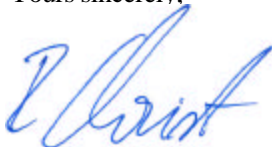

Please submit your consolidated government comments via the above web site, which includes provision for uploading completed Excel spreadsheets and will provide an automated acknowledgment of receipt. If it is not possible for you to use this web site upload feature, please send your spreadsheet of consolidated comments by e-mail to the WG1 TSU at ipcc-wg1@al.noaa.gov.

Every effort has been made to ensure that the above electronic preparation and submission procedures are robust and user-friendly, however, if you have difficulty in using them please immediately contact the WG1 TSU at ipcc-wg1@al.noaa.gov.

Finally, please note that all comments should be submitted by **December 8th, 2006**.

A copy of this letter (without CD-ROM) is being sent to the Ministries of Foreign Affairs of countries with designated IPCC Focal Points, and to the IPCC Contact Points, for information only.

Yours sincerely,

Renate Christ
Secretary of the IPCC
